Dear Cronin:

Please accept my personal thanks for attending The Alliance for Climate Protection's Solutions Summit in New York. The session was extremely informative and exciting, and this event brought together an amazing group of experts. I have rarely had the opportunity to learn from and work with such an insightful and diverse group of scientists, businesspeople, entrepreneurs, thinkers, investors and policymakers. More than ever, I am optimistic that we can solve the climate crisis.

The summit helped frame my thinking about solutions – both the policies and the technologies – and I hope that you found it as useful and rewarding as I did. I look forward to working with you in the future as my own thoughts and ideas continue to develop.

Thank you again for attending. I wish you all the best.

Sincerely,
